## COMPANY PROFILE

**Inter Optimis, LLC**, with headquarters in Moorpark, California, is a provider of integrated outsourcing services for the information management marketplace.

The company's core competencies in image and data capture, data management and output processing enable it to provide a broad range of services, which allow customers to fulfill their information management needs through a single vendor.

We serve a large number of customers in a variety of industries, including government, entertainment, manufacturing, financial services, healthcare, insurance, banking, technology, and automotive.

Inter Optimis converts millions of pages of information monthly, manages countless documents on-line, and produces thousands of electronic reports for its customers every month.

Services provided by the company include;

- ◆ Scanning of paper documents
- ◆ Conversion of microfilm and microfiche
- ◆ Large electronic reports to CD
- ◆ Data entry and indexing
- ◆ OCR (Optical Character Recognition)
- ◆ Data Warehousing (Internet hosting of electronic documents)

The resulting electronic documents are available to Inter Optimis customers in a variety of ways, including Internet / Intranet deployment, on-site customer servers, or simply on CD media.
